| SECTION VI - GUARDING AND MUSCLE SPASM |
|---|
| 6A. DOES THE VETERAN HAVE GUARDING OR MUSCLE SPASM OF THE THORACOLUMBAR SPINE (back)? |
| 6B. GAIT: NORMAL ABNORMAL Due to: Muscle spasm Guarding |
| UNABLE TO EVALUATE, PROVIDE REASON: |
| |
| 6C. SPINAL CONTOUR: NORMAL ABNORMAL Due to: Muscle spasm Guarding Other, describe and provide etiology: |
| UNABLE TO EVALUATE, PROVIDE REASON: |
| SECTION VII - FUNCTIONAL LOSS AND ADDITIONAL LIMITATION OF ROM |
| NOTE: The VA defines functional loss as the inability, due to damage or infection in parts of the system, to perform normal working movements of the body with normal excursion, strength, speed, coordination and/or endurance. As regards the joints, factors of disability reside in reductions of their normal excursion of movements in different planes. Using information from the history and physical exam, select the factors below that contribute to functional loss or impairment (regardless of repetitive use) or to additional limitation of ROM after repetitive use for the joint or extremity being evaluated on this DBQ: |
| 7A. CONTRIBUTING FACTORS OF DISABILITY (check all that apply and indicate side affected): |
| Less movement than normal (due to ankylosis, limitation or blocking, adhesions, tendon-tie-ups, contracted scars, etc.) |
| More movement than normal (from flail joints, resections, nonunion of fractures, relaxation of ligaments, etc.) |
| Weakened movement (due to muscle injury, disease or injury of peripheral nerves, divided or lengthened tendons, etc.) |
| Excess fatigability |
| Incoordination, impaired ability to execute skilled movements smoothly |
| Pain on movement |
| Swelling |
| Deformity |
| Atrophy of disuse |
| Instability of station |
| Disturbance of locomotion |
| Interference with sitting |
| Interference with standing |
| Other, describe: |
| |

PATIENT/VETERAN'S SOCIAL SECURITY NO.

| SECTION XIX - DIAGNOSTIC TESTING NOTE: Testing listed below is not indicated for every condition. The diagnosis of degenerative arthritis (osteoarthritis) or traumatic arthritis must be confirmed by imaging studies. Once such arthritis has been documented, even if in the past, no further imaging studies are required by VA, even if arthritis has worsened. Imaging studies are not required to make the diagnosis of IVDS; Electromyography (EMG) studies are rarely required to diagnose radiculopathy in the appropriate clinical setting. For purposes of this examination, the diagnoses of IVDS and radiculopathy can be made by a history of characteristic radiating pain and/or sensory changes in the legs, and objective clinical findings, which may include the asymmetrical loss or decrease of reflexes, decreased strength and/or abnormal sensation. |
|---|
| 19A. HAVE IMAGING STUDIES OF THE THORACOLUMBAR SPINE BEEN PERFORMED AND ARE THE RESULTS AVAILABLE? |
| IF YES, IS ARTHRITIS DOCUMENTED? |
| 19B. DOES THE VETERAN HAVE A VERTEBRAL FRACTURE? YES NO IF YES, PROVIDE PERCENT OF LOSS OF VERTEBRAL BODY HEIGHT: % |
| 19C. ARE THERE ANY OTHER SIGNIFICANT DIAGNOSTIC TEST FINDINGS OR RESULTS? YES NO IF YES, PROVIDE TYPE OF TEST OR PROCEDURE, DATE AND RESULTS (brief summary): |
| 19D. IF ANY TEST RESULTS ARE OTHER THAN NORMAL, INDICATE RELATIONSHIP OF ABNORMAL FINDINGS TO DIAGNOSED CONDITIONS: |
| SECTION XX - FUNCTIONAL IMPACT |
| NOTE: Provide the impact of only the diagnosed condition(s), without consideration of the impact of other medical conditions or factors, such as age. |
| 20. REGARDLESS OF THE VETERAN'S CURRENT EMPLOYMENT STATUS, DO THE CONDITION(S) LISTED IN THE DIAGNOSIS SECTION IMPACT HIS OR HER ABILITY TO PERFORM ANY TYPE OF OCCUPATIONAL TASK (<i>such as standing, walking, lifting, sitting, etc.</i>)? YES NO IF YES, DESCRIBE THE FUNCTIONAL IMPACT OF EACH CONDITION, PROVIDING ONE OR MORE EXAMPLES: |

| | | | | |
| | | | | |

NOTE: VA may request additional medical information, including additional examinations, if necessary to complete VA's review of the veteran's application.

IMPORTANT - Physician please fax the completed form to

(VA Regional Office FAX No.)

NOTE: A list of VA Regional Office FAX Numbers can be found at www.vba.va.gov/disabilityexams or obtained by calling 1-800-827-1000.

PRIVACY ACT NOTICE: VA will not disclose information collected on this form to any source other than what has been authorized under the Privacy Act of 1974 or Title 38, Code of Federal Regulations 1.576 for routine uses (i.e., civil or criminal law enforcement, congressional communications, epidemiological or research studies, the collection of money owed to the United States, litigation in which the United States is a party or has an interest, the administration of VA programs and delivery of VA benefits, verification of identity and status, and personnel administration) as identified in the VA system of records, 58/VA21/22/28, Compensation, Pension, Education and Vocational Rehabilitation and Employment Records - VA, published in the Federal Register. Your obligation to respond is required to obtain or retain benefits. VA uses your SSN to identify your claim file. Providing your SSN will help ensure that your records are properly associated with your claim file. Giving us your SSN account information is voluntary. Refusal to provide your SSN by itself will not result in the denial of benefits. VA will not deny an individual benefits for refusing to provide his or her SSN unless the disclosure of the SSN is required by a Federal Statute of law in effect prior to January 1, 1975, and still in effect. The requested information is considered relevant and necessary to determine maximum benefits under the law. The responses you submit are considered confidential (38 U.S.C. 5701). Information submitted is subject to verification through computer matching programs with other agencies.

RESPONDENT BURDEN: We need this information to determine entitlement to benefits (38 U.S.C. 501). Title 38, United States Code, allows us to ask for this information. We estimate that you will need an average of 30 minutes to review the instructions, find the information, and complete the form. VA cannot conduct or sponsor a collection of information unless a valid OMB control number is displayed. You are not required to respond to a collection of information if this number is not displayed. Valid OMB control numbers can be located on the OMB Internet Page at www.reginfo.gov/public/do/PRAMain. If desired, you can call 1-800-827-1000 to get information on where to send comments or suggestions about this form.
